Become a Massage Therapist

Massage Therapy Level 1

Massage therapy is undoubtedly a field where practice is important and we believe that is how it should be taught. As a student, you will work under the guidance of licensed, passionate and experienced instructors.

To become a massage therapist, it is important to understand what we are doing and what happens when we perform our maneuvers. This knowledge involves learning the anatomy of the human body and physiological notions. This training will enable you to understand the human body, its mechanisms and its functions.

Here is a brief overview of the course :

- The great art of relaxation massage and the indispensable intramuscular Swedish therapeutic massage intended to relieve muscle and joint pain.
- Various products like massage oils, creams, massage gels, essential oils, algae, clay, peat mud, appliances, professional equipment, etc.
- Identifying your clients' needs through interviews and file opening, their nutritional needs, health advice and more.
- The anatomy and physiology of the human body learned in a dynamic and visual way in order to make the connection between the practical section and the various systems of the human body,
- Supervised practices in class , in order to gain experience
- Preparation for your professional life with courses in ethics (sexuality),aid relations, code of ethics, legal aspects and career planning.

Online training

Complete your course anywhere, anytime, in total freedom

Leader in online training since 2004, the Academy of Massage and Orthotherapy offers a variety of online courses. Take advantage of our expertise to obtain your diploma and achieve your greatest professional ambitions.

Our 100% online formula will allow you to have access to our courses despite the time or distance constraints. Complete your course anywhere, anytime and freely.

Our courses, developed by online education specialists, have been designed for students who are at home. We see the same lessons as if you were in class. The beauty of the online course is that our students can watch the videos as many times as they want, which greatly helps to perfect the maneuvers and gain confidence.

During your course, you will be invited to make an appointment with your teacher in a virtual class to check maneuvers, pressure, working postures and much more. We will work together to ensure your success, to develop your knowledge and above all to take the time to ensure that you are ready for the job market.

Since 2004, our online courses have traveled the world, partly thanks to the passion of our teachers, the quality of our courses, the flexible schedules and the lasting relationships we build with our students.
